aboutGCC  
Purpose: Familiarize the customer to the company by sharing the history of the company and their mission stament.  
Content: Horizontal <nav> Home About History Employees Services Contact  
<p> Mission Statement: To deliver good honest labor in timely manner at a reasonable price  
<p> Guillen Concrete Cutting provides services that involve concrete such as cutting, removal, installation, etc. to East Texas. Guillen Concrete Cutting is a small family owned company that started in 2019. The owner Daniel Guillen started the company with little to no knowledge of the concrete cutting industry. The pandemic brought many difficulties but Guillen was able to overcome and learn. Guillen Concrete Cutting started to work in residential settings but progressed into commercial settings at the end 2021. The company has now had the opportunity to work with larger companies, among them are Tiff's Treats and Tractor Supply Co.
